

Singing with Parkinson's

Wednesdays, 5-6 pm, starting January 12, 2022

Optional social time: 6-6:30 pm

One Conservatory Drive, Hingham

Singing with Parkinson's is a chorus for persons living with Parkinson's disease and their care partners. Sessions occur weekly for 20 weeks beginning January 12 and ending June 1, 2022. Session is one hour of rehearsal, followed by 30 minutes of optional social time with refreshments. Staffing consists of a board-certified music therapist who has been trained in neurologic music therapy, a board-certified movement/dance therapist, and a world-class accompanist. A typical session begins with easy movement and vocal warmups, followed by singing of both well-known and new repertoire with live accompaniment. Social time provides ample opportunity for engagement and connection.

Participation in this chorus is free. Donations are accepted for refreshments.

To register for the chorus, please contact Cathy Kang at c.kang@sscmusic.org.

supported by a grant from the American Parkinson Disease Association MA Chapter

South Shore Conservatory admits students of any race, color, nationality or ethnic origin to all rights and privileges, programs and activities generally accorded or made available to students at the school.
