

# Do you or someone you know have PARKINSON'S DISEASE?

UMASS researchers are conducting a study about speech, language and communication difficulties in Parkinson's disease.

You may be eligible if:

- You are over 18 years of age
- You have been diagnosed with Parkinson's disease for at least 2 years
- OR if you are a healthy adult with no known neurological or speech disorders

The study involves one screening visit and one 3-hour study visit to UMASS, with optional 4 week at-home follow-up.
